

Account Manager

Bury St Edmunds, Suffolk

**Competitive salary and generous benefits package
depending on experience**

Precision is an established, independent, data and technology driven marketing solutions company, on course for our best year to date. As part of continuing growth plans, we are looking to expand our account management team.

If you are looking to elevate your career in marketing, working with some of the biggest brands in the UK, developing exciting data led campaigns using market changing technology, then look no further.

The account teams are a bunch of super star marketers that work hand in hand with their clients to sustain, grow and acquire. But we keep winning new accounts and even super stars can't do it all. Can you match their superstar credentials? Do you want to be known as a super star performer!

Success in the role is defined through client satisfaction and the performance of the accounts you support.

You will receive training on all aspects of our services. You will work with the account management team to support the multiple tasks (some are quite varied) that we complete on an everyday basis. You will need to be happy to get stuck in, have great attention to detail and ensure work is completed on time, whatever that might take.

We want to hear your ideas on how we improve what do for our customers and expect you to build strong relationships with your clients and internal stakeholders.

Who are we looking for?

This is the 2nd or 3rd rung of your career and as such, you will be asked to do tasks that are fun and exciting, weird and wonderful, dull and monotonous in equal measure, but like the team you will be joining, you will have the opportunity to grow and flourish.

Experience and skills

- Great influencing and relationship building skills
- Good digital skills
- Ambitious and willing to learn.
- A flexible and can-do attitude.
- A strong work ethic.
- The ability to take a detailed brief from a client.
- Organisational skills and the ability to deliver multiple priorities

Working for Precision

At Precision we work hard and play hard. We make sure colleagues have a safe and supportive place to work and we have covid-secure procedures and precautions in place.

Driven by our sustainability values and goals, our modern, carbon-neutral offices in Bury St. Edmunds, is our head office, and where you will be based, but travel is also expected in the role.

We have a history of developing our colleagues and like to offer progression opportunities as they arise. We also take a proactive approach to the wellbeing of our teams.

We pay a competitive salary which takes account of previous skills and experience. Full time roles attract 23 days holiday per year (including 3 to be taken between Christmas and new year) plus bank holidays. Generous employer pension contributions and other benefits.

How to apply:

If this role excites you, we would love to hear from you. Please get in touch by sending your CV to recruitment@precision.co.uk
